BALLOONS

Everyone seems to be in love with balloon installations now. When we consider how they went from party ugly duckling to the WOW factor of any decor, it's unsurprising really. We only work with high-grade, premium, latex balloons, which are biodegradable. All our installations use layering/double stuffing technique, whereby each balloon is stuffed with another balloon to create an unique shade and deliver a matt, rich, high quality effect.

01.

INSTALLATIONS
From £80/metre

Our installations feature balloons of different sizes to create an organic effect. They can go on a wall or be fixed to any surface you desire. We recommend no less than 2M for impact. Special concession rate of £80/m when combined with a picnic hire service (£90/m otherwise).

02.

BALLOON STRUCTURES
From £220

We've got stand-alone options that combine balloons with a metal frames, which we then add other elements such as fringes to create interest. Those can be placed anywhere without any surface to support them.

03.

FLORALS/ SIGNAGE HIRE
From £25

Want to add even more wow? Combine balloons with *it* elements such as flowers, pampas grass or personalised signage. All options are curated specially to complement your designs seemingly.

WHAT TO EXPECT

We understand that most of the time it'll be the first time you'll be using most of those services. Unless you're in the industry or done some research already you won't know the price of a balloon garland, or the hourly rate of a bartender. So we know that until you actually know the price of your dream items you can't make informed decisions. It's totally ok to change your mind, or add more ideas to the mix (we'll often suggest a few things you might not have thought about as well).

Then it's the stage when you pick the elements you definitely want to proceed with now that you know how much they'd cost and, if there's a range of prices, which range suits your budget best. We do it this way so our clients can decide what's the best way to move forward. After all, it's YOUR party.

Your quote will have an itemised cost for each service, so you'll be able to tell what you're paying for our services and what's a 3rd party cost that you'd pay even if you were DIY. We believe in transparency with pricing and as we offer a service to organise suppliers, we don't charge any commission - if the supplier charges £x, you'll be charged £x.

Once you are happy to proceed, we'll invoice you for the agreed amount and ask for a 30% deposit. This secures your date and agreement to our T&Cs. Full payment will be required no later than 10 days before the actual event.

IF YOU HAVE ANY QUESTIONS,
PLEASE GET IN TOUCH.

Thank you!
